Dev Lahrani

has successfully completed the online Specialization

Cyber Threat Intelligence and Incident Response

Learners who completed the Cyber Threat Intelligence and Incident Response Specialization demonstrated the ability to identify cyber threats, assess vulnerabilities, and respond effectively to security incidents. They applied threat intelligence frameworks, conducted vulnerability assessments, and executed structured incident response workflows across enterprise environments. Learners gained hands-on experience with industry-standard tools and techniques to detect, analyze, contain, and recover from cyber attacks, strengthening organizational security and resilience.
